MARIA BRUUN

Maria Bruun (b. 1984) completed her MA in Furniture Design at the Royal Academy of Design in 2012.

A passion for telling stories through materials, compositions and forming. She works with a minimalist idiom, but always has the courage to take a bold and surprising decision. She works with the relation to the consumer and use "element of surprise" that conscious communication.

Maria Bruun sees it as an important responsibility as a designer to try to push the boundaries of what the concepts of design and function actually contains.

Mirror Mirror is created from experiments with the mirror spatial and personal psychological effects.

DESCRIPTION

Paustian Mirror Mirror is a series of angle mirrors that moves in corners, ceilings, edges and surfaces. Mirror Mirror surprises and reflects multiple aspects of both space, viewer and history.

The series vary in size and function. The smallest of the mirrors provide in its fold a little distorted picture of reality, with its minimal mirror surface. The medium and large angle mirrors have a greater real mirror surface. They reflect both the viewer and the space from different angles.

Mirror Mirror is available in three sizes.

MATERIALS

Mirror Mirror consists of an oiled massive frame in natural oak with a mirror of mirror polished stainless steel. The back of the mirror is in oak veneer.

Wall brackets in galvanized steel are included.

VARIANTS

Small; Oak and polished stainless steel
Mediem; Oak and polished stainless steel
Large; Oak and polished stainless steel

MAINTENANCE

The mirror polished stainless steel may be wiped with a dry or a wrung damp micro fiber cloth. If a damp micro fiber cloth is used, the frame should subsequently be dried with a dry cloth.

The wooden frame may be wiped with a dry or a wrung damp cloth. If a damp cloth is used, the frame should subsequently be dried with a dry cloth.

ENVIRONMENT AND TESTS

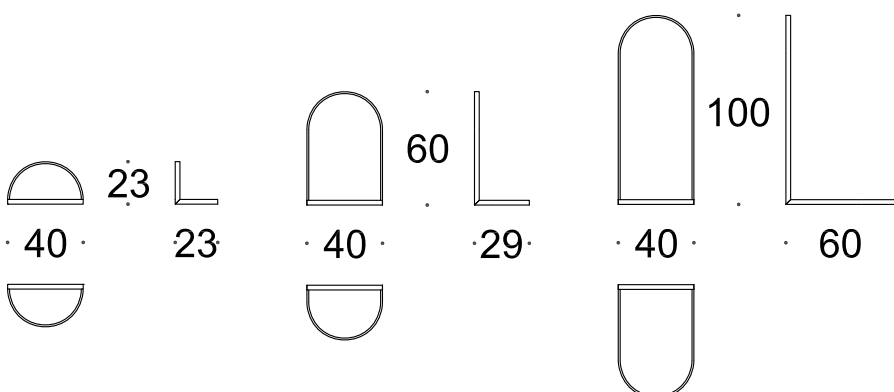

The wall bracktes may be separat from the frame and recycled.

Frame and polished stainless steel is recyclable.

All woods used are approved by FSC.

GUARANTEE

Standard products are guaranteed for two years against manufacturing defects in the materials or construction. Wear or damages to the product are not covered by this guarantee. All dimensions are approximate.
