Read the entire user guide carefully before using the chair. The user guide should always accompany the chair.

# Paul Leroy

Paul Leroy (1960) has a degree in architecture, furniture design, graphic design and industrial design from the Royal Danish Academy of Fine Arts School of Architecture. Leroy has also been an apprentice under Professor Tage Luneborg.

When he finished his studies he opened his own architectural studio in 1987, and the following year Paustian launched Leroy's Coffee Table. Since then, several design gems such as the Spinal series have followed in its wake.

Paul Leroy's clientele is both broad and internationally based, and includes Norman Foster, Foster and Partners, Daimler Chrysler, Telenor, Egmont, Copenhagen Airports and Arthur Andersen.

# Paustian Spinal Chair 80

Spinal Chair 80 is a series of chairs, consisting of a shell in wide 80 cm with a simple and modern design idiom. The 4-Star base version has a swivel and return to center function. Paustian Spinal Chair 80 is related to the Spinal Chair 44 and the Spinal Table series.

## Materials:

The chair consists of a wooden shell with upholstery. Upholstery in fabric or leather.

The 4-star base is available in either brushed matt chrome or powder coated black. The top plate on the base is in black powder coated steel. Sled base in either polished chrome or black powder coated.

## Variants:

Upholstery in plain version or with channel stitching in;

- textile
- leather
- customers own material (COM fabric) or leather (COM leather).

## Star Base:

- brushed matt chrome
- black powder coated (RAL 9011, gloss 20)

## Sled Base in;

- polished chrome
- black powder coated (RAL 9011, gloss 20)

Foot: brushed matt chrome or coated black (RAL 9011, gloss 20)

Glides: raw or black anodized aluminum with plast or felt.

# Maintenance

The stainless steel base may be wiped with a dry or damp cloth. If a damp cloth is used, the base should subsequently be dried with a dry cloth.

Fabric should be cleaned according to the recommendations of the textile supplier.

Leather should be cleaned according to the recommendations of the leather supplier.

# Disposal

Base and seat may be disassembled for recycling, and the shell can be incinerated.

# Guarantee

Standard products are guaranteed for two years against manufacturing defects in the materials or construction. Wear or damages to the product are not covered by this guarantee. All dimensions are approximate.

The chair has been tested according to: EN 16139:2013, level 1

Level 2 is fulfilled for Spinal 4-star chair.
